AKELE

INSPIRE THROUGH DESIGN

Welcome to Akele

Akele always interested in promote creativity and talent, has melted Mexican national folklore with innovative design proposals, extended to the development of architect projects for museums and structures using plastics cords. as an art tool for decorate metal railings, screens, etc. Our effort to obtain the highest quality standards has been very positive. since we have crossed national boundaries to place our finished product in different countries: Denmark, USA, Holland, Canada, France, Spain, Italy, Australia, Japan, England and Costa Rica.

Our work team is our greatest strength.
We work with good manufacturing practices, and we are always interested in following total quality rules.
